

Preparing Your Estate Plan With CSS

Preparing an estate plan is essential for young and old, the wealthy, and those of modest means. It is the process of deciding to whom your assets should be distributed to after your death and it is an integral, but often overlooked aspect of stewardship.

A visit from a CSS consultant will:

- Help you understand the importance of a Will.
- Explain what a Will can and cannot do.
- Advise you on choosing Executors and Guardians.
- Offer advice on trusts for children and inheritances.
- Provide you with a customized written summary of your instructions for your lawyer.
- Offer an opportunity to discuss charitable giving.

"We want to thank you and CSS so much for helping us complete something that we had put off for so long! Your advice and guidance, as well as encouragement to complete in a timely manner now that we had started it, was much appreciated!"
